

## 2016 Riverwalk Swim Club Severe Weather Policy

Riverwalk Residents,

In the event of severe weather as outlined below, the following precautions will be enforced to protect all residents and guests:

### Rain

Swimmers will be allowed to remain in the pool until the lifeguards determine they cannot view the bottom of the pool. Once this has been determined, all swimmers will be cleared from all pools.

### Thunder

Lifeguards will clear all pools for 30 minutes. If thunder is heard again within a 30-minute window, the clock will start again for another 30 minutes. The “all clear” will be given once 30 minutes has elapsed without any sound of thunder.

### Lightning

Lifeguards will clear all pools and all deck areas for 30 minutes.

**NO ONE WILL BE ALLOWED TO REMAIN ON THE OPEN DECK  
ONCE LIGHTNING IS OBSERVED!**

The “all clear” will be given once 30 minutes has elapsed without any sight of lightning.

Please feel free to contact any lifeguard or Riverwalk Pool Committee member with any questions.

Thank you,

2016 Riverwalk Pool Committee
